## ELEPHANT IS EXECUTED. HORROR AT HOUSTON.

First One Born In America Had  
to Be Put to Death.

### NEITHER SAFE OR SANE.

Columbia Shackled In Barn, Rope Is  
Placed Around Huge Beast's Neck  
and Quickly Drawn Tight and Soon  
All Is Over.

Bridgeport, Conn., Nov. 9.—Columbia, the first elephant born in this country, was executed in the presence of twenty-one other elephants, including her mother, because she was considered neither safe nor sane.

Columbia was born at Philadelphia twenty-eight years ago and was easily controlled until a few weeks ago.

The execution was simple. The huge beast was choked to death. Keeper Denman shackled her to one corner of the elephant barn. With the aid of a block and tackle five men put a rope around Columbia's neck and so tightly and quickly was it drawn that the animal was choked to death before she had time to make an outcry. Her bulging eyes were the only sign of pain. The body, weighing 9,350 pounds, was dragged out of the barn by Albert, one of the largest elephants in the herd. It will be cut up into small pieces. The hide, feet and teeth will be saved. The teeth will be made into paper weights, the feet into umbrella stands and the hide converted into leather.

### FAREWELL RECEPTION.

Nearly Every Class of People Present  
to Bid Taft Adieu.

Manila, Nov. 9.—A brilliant farewell reception was given to Secretary Taft Friday night at the residence of Governor General Smith. It was characterized by the extreme democracy, representatives of nearly every class of citizens of Manila being present. Secretary Taft and wife were greeted practically by every one in attendance.

The secretary's last day in Manila was marked by many busy features. He received and conferred with many prominent Philippines, heads of bureaus, members of committees, business men and delegations from various provinces and cities. He told one delegation which was petitioning for free trade of sulphur and tobacco to send representative men as delegates to Washington to hold the fight in congress to secure tariff concessions. After a conference with General Gomez regarding political matters he referred to that well known agitator as a good friend. The indications are that the protests against seating Gomez will be of no avail, as a canvass of the assembly has disclosed the fact that only two members are opposed to giving him the seat to which he was elected.

### AMERICAN EAGLES.

Bank of England Received Quite a  
Number on Saturday.

London, Nov. 9.—The Bank of England Saturday received \$408,000 in American eagles from Paris, and 547,000 pounds American eagles and 121,000 pounds of bar gold was taken from the Bank of England for shipment to the United States.

Rates for money continued firm under good demand in the market Saturday. Only a moderate amount of business was transacted in Americans, fears of poor New York bank statement restraining operations. Prices ruled around parity and the session closed quiet.

### Passed Fifty Million Mark.

New York, Nov. 9.—The total known gold engagements passed the \$50,000,000 mark Saturday, when Lazard-Freres announced they had secured an additional \$1,000,000 gold in Europe. This makes the total for the movement \$50,630,000, of which Lazard-Freres have engaged \$9,250,000.

### FRIARS FEAST.

Organization of Newspaper Men Pays  
Honor to David Belasco.

New York, Nov. 9.—The Friars, an organization of newspaper men, gave a banquet at midnight Friday night at Hotel Astor in honor of the twenty-fifth anniversary of the advent of David Belasco into New York.

When Mr. Belasco got up to speak the room was darkened, stage thunder and lightning followed and finally a sheet light was turned on the famous manager and kept on him all the time he was talking. Wells Hawks, the president of the Friars, presided. Among the speakers, in addition to Mr. Belasco was Thomas Dixon, Jr., J. C. Williamson of Australia and David Warfield. Theatrical men from all over the country were present.

### Choate Elected President.

Buffalo, Nov. 9.—Joseph H. Choate of New York was elected president of the National Civil Service Reform league. Former President Cleveland was chosen one of the vice presidents.

### Swept by Hurricane.

Marseilles, Nov. 9.—This city was swept by a hurricane, much damage being done. Several lives were lost.

Dreadful End of a Woman at  
the Bayou City.

### HEAD IS ALMOST CUT OFF.

In Searching the Family Residence For  
a Toy the Little Daughter of Mat-  
thew Anderson Found Her Mother's  
Body In Kitchen.

Houston, Nov. 9.—Searching the house for a misplaced toy the eight-year-old daughter of Matthew W. Anderson, a railroad clerk, found the dead body of her mother in the kitchen of their home at Houston Heights, her head being almost completely severed from the body.

### GOLD NOT HALTED.

Allowed to Flow Through the Finan-  
cial Arteries of the Country.

New York, Nov. 9.—The stream of surplus gold pouring into New York has not been halted here to meet local demands, but is being allowed to flow through the financial arteries of the United States and relieve the needs of agriculture and industry.

Gold importers state that nearly all of the \$21,000,000 which already has reached here, will soon find its way to every quarter of the country. Nearly \$12,000,000 was shipped to the interior the past week.

Gold has been shipped from here to Chicago in such large amounts, it is understood in local banking circles, that the issuance of circulating bank script in Chicago possibly may not be necessary. Part of the \$12,000,000 arriving on the Lusitania, and part of the \$25,000,000 yet to come, will be expressed immediately to out of town banks.

Never in the history of New York finance, according to gold importers, has there been so much money engaged abroad by out of town banks.

### EXTENDING AID.

Leading New York Banks Deny State-  
ments to the Contrary.

New York, Nov. 9.—The leading New York banks were exerting themselves Friday to meet the demands of their country correspondents and depositors of currency. They declare that the suggestions made in several western sources that they are not meeting legitimate demands are unfounded, and that they are, on the contrary, taking every practicable measure to aid the west and south. One of these large banks, with several thousand correspondents, has depleted its reserve by about a quarter during the last few weeks to supply currency where it was most needed, and has made large shipments to banks at San Antonio, Galveston, Memphis, Mobile, Atlanta and other southern cities.

### Not Till After Close.

New York, Nov. 9.—The bank statement which in the past has been given out by the clearing house just before noon Saturday will not in the immediate future at least be given out until after the close of the stock market. This announcement was made by Manager Sherer of the clearing house.

### LAY FACE DOWNWARD.

Body of Cuban Woman Found at New  
York In Pool of Blood.

New York, Nov. 9.—Lying face downward in a pool of blood, the body of Mrs. Casaro Vigil, elderly and well-to-do, was found at the foot of the main stairway of her home in West One Hundred and Thirty-eighth street. Her skull was crushed in, and there was a pronounced odor of escaping gas in the hallway. She was a Cuban by birth, and lived with her servants.

### FIREMAN FOLEY KILLED.

Flooring Fell on Him and Comrades  
Had Narrow Escape.

Charleston, W. Va., Nov. 9.—Fire that threatened for a time an entire block on Kanawa street destroyed the four-story building occupied by the wholesale grocery firm of Ruffner Bros. Fireman Foley was killed by flooring falling on him. Other firemen had narrow escapes. The loss is \$175,000, nearly covered by insurance.

### SIXTEEN DEAD.

Fifteen Mexicans and One American  
Boy Are the Victims.

Douglas, Ariz., Nov. 9.—The death list as a result of the Nacozari explosion is now placed at fifteen Mexicans and John Chisholm, aged fifteen, who was riding on the train when the explosion occurred. A train on the narrow gauge railroad to the Pilares mine in some way caught fire. On the train were two open cars heavily loaded with explosives, and the fact that the concentrator and a good part of the town of Nacozari were saved from ruin was due to the bravery of the Mexican engineer, Jesus Garcia. Realizing that to put out the burning cars and escape with the engine would place the town in danger of possible destruction, he called to the rest to jump, and started to run the train away from the town. He had taken it about half a mile when the explosion occurred, and he was blown to

## The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, NOV 10, 1907

There never has been nor never can be a monopoly of transportation by water.

Governor elect Katzenback of New Jersey does not live in the Katzenjammer castle.

Since he heard of the result in Cleveland Senator Foraker wears the smile that don't rub off.

There is an immortality of fame awaiting the poet who will write an epic in praise of the peanut.

There are people who can remember when Pennsylvania was a democratic state, incredible as it may seem.

Every morning the last chapter in the history of the financial flurry has a front page position in the great dailies.

South Carolina has abolished the dispensary system and adopted local option. A state prohibition campaign is under way.

The governor wants all obstructions to the view removed from saloons, so that anybody can look in at the front door and see who's who.

The most destructive beasts now preying upon the property of the American people are the bears of Wall street. They ought to be exterminated.

The A. and M. College has no more ardent admirer among the newspapers than the Fort Worth Star. Its bouquets are frequent and fragrant.

The Caldwell Ledger reports that a Santa Fe train knocked a bear off the Yeagua bridge below Somerville a few nights ago. Maybe it was a teddy bear.

"A man isn't afraid of any woman whom he can flatter," says a philosopher. But after his wife gets acquainted with him flattery don't work with her any more.

When he gets home Secretary Taft will recommend building an aerial battleship for use in the army. If Darius Green can be found he is the man to command it.

An old negro died in Darlington, S. C., a few days ago. All business was suspended and the entire population attended the funeral, the local military company in full uniform acting as escort. Nothing could prove more conclusively that admiration for true merit is no respecter of persons among the people of the South.

Bryan Eagle has added a lino-type to its equipment. The Eagle, no doubt is one of the best small dailies in Texas, and has a magnificent patronage from the Bryan merchants, and we predict for them much more success.—Franklin Central Texan.

A woman writer says that occasional separations are good for married couples. The fact that women are the complainants in most of the divorce suits indicates that many of them desire permanent separations.

Making of laws to control and regulate the corporations had no more to do with bringing on the financial disturbance than the question whether or not Mars is inhabited. It was stock gambling that did it.

Mayor Tom Johnson of Cleveland since his last victory was asked to become a candidate for president. His characteristic reply was: "Nixie, I have the best job on earth now, and I know it."

If the Afghans are, as they assert, descendants of the ten lost tribes of Israel, they and the Jews will probably get together some day. Then there will be something doing.

There is a man in Des Moines who asserts that he never "by word or deed," committed a sin. If he had lived 1865 years ago and could have made good his assertion he would have been crucified.

Ex-President Palma of Cuba has publicly expressed himself in favor of perpetuating American rule in Cuba as the only means of saving the island from anarchy, plunder and ruin.

The Interstate Inland Waterways convention which met in Houston Thursday is more important to the people of Texas than all the political conventions to be held next year.

A Bryan man's wife becoming convinced that coffee is not good for him serves postum at breakfast. He says it is like drinking rain water out of a colored bottle as a substitute for a toddy.

SOCIAL AND CLUB MATTER.

The pretty home of Mr. and Mrs. J. A. McQueen was the scene of a very pretty and well timed compliment to Mrs. G. C. Street Jr. of Houston, Thursday afternoon. The day was ideal and the occasion was one of perfect pleasure. The McQueen home lends itself most readily to such functions. The decorations were in keeping with every suggestion of taste. Pot plants, ferns and the glossy green of foliage harmonizing with the delicate beauty of flowers, gave a touch of loveliness throughout the hospitable home. Mrs. McQueen entertained her guests with several games of bridge-whist. Bon bons were passed during the progressions, and a salad course was served later in the afternoon. Those present were: Mesdames J. T. Hanway, A. W. Wilkerson, C. A. Adams, R. M. Gordon, H. G. Rhodes, A. M. Waldrop, M. W. Sims Jr., A. A. McKenzie, J. B. Hines, Kate Martin, M. W. Sims, G. M. Brandon, G. C. Street Jr. of Houston, T. K. Lawrence, Frank Clarke, A. J. McQueen. Misses Hettie Smith, Jessie Garth; Marion Foot.

Allie Conway entertained the Bachelor Girls Club Wednesday with delightful five hundred party. Four tables of players chatted merrily and progressed through several games of the popular pastime, which was made doubly enjoyable by the lovely surroundings. This pretty entertainment might be called a Good Luck party. The score cards were horse shoes; each game was scored by the use of wish bones, four-leaf clover, star and swastikas. Delicious grapes were passed, after which the prizes were awarded. Miss Hettie Smith was given the club prize and Miss Clara Price of Kosse the guest prize, each being a pretty picture. Miss Allie, as hostess, on this occasion filled her place with the cordial hospitality and thoughtful attention to her guests. Mrs. E. H. Astin and Miss Ray Conway assisted in serving the guests with a salad course.

Miss Alberta Adams of this city appeared in the flower parade of the Houston carnival, with the party riding in the Elks' gorgeous turnout. The Houston Post says of this float: "It was a magnificently decorated vehicle drawn by four white horses. There was a wealth of purple in the decorations, and with this was used the California pampas grass, the long fiber being hung in profusion over the entire rig. The horses wore huge plumes of this grass, and about their hoofs, which were gilded, were tied long bows of purple ribbon. A huge elk's head occupied the place where the driver would ordinarily be, and the horses were led by attendants. The vehicle was occupied by Misses Arabella Gibbons, Alberta Adams of Bryan, Willie Sameson of Palestine, Jane Percival and Annie Martin.

At a called meeting of the golf club at the Carnegie Hall Friday night, the Bryan Golf Club was adopted as the name of the new organization. Mr. and Mr. Tyler Haswell were elected to membership in the club. Orders have been placed for the equipment necessary, and as soon as received the links will become a popular resort for the members who are enthusiastic over the prospects for amusement during the winter season. There was a good attendance at the meeting. President Massingill presided, with Miss McDougald at the secretary's desk.

The Embroidery Club will meet with Miss Loula Coulter on Wednesday afternoon at 3 o'clock.

A. AND M. 32, T. C. U. 5.

The football game at College yesterday afternoon between the A. and M. and Texas Christian University of Waco was played in the mud and resulted in a score of 32 to 5 in favor of the A. and M. The visitors got in one touch down through an error. A and M. played a number of substitutes in the game. The visitors were a gentlemanly lot of fellows and played clean football.

Following the game a dance was given by the Swastiki Club at the Mess Hall. A number of the Bryan young ladies were in attendance.

VARSITY 27, BAYLOR 11.

In the football game at Austin yesterday between the State University and Baylor, Varsity won by a score of 27 to 11.

## RELIGION AT A. AND M. COLLEGE.

From Galveston News.

The writer, while attending a district conference recently heard Bishop Ward say that all of our institutions of higher learning were centers of religious thought and spiritual growth.

This assertion, coming from so high authority, put many to thinking and some to investigating, for the general impression has been for many years that only denominational schools exercise any real influence upon the spiritual life of its students. In fact, there has been very largely held a false notion that our state institutions encourage skepticism rather than religious faith. With a desire to remove these false impressions and at the same time to render our state institutions of higher learning a needed service, I am writing this article.

The writer has been in a position for many years to see much of the school life in one of the great institutions of the state, the Agricultural and Mechanical College. During the past year especially has he watched the work of those interested in the spiritual life of the student body. The board of directors less than two years ago elected as chaplain of the college Dr. Nathan Powell, a member of the Texas Annual Conference of the Methodist Church South, and a man who has had rare college training. As it is a state institution, however, he could not be elected and paid a salary for purely religious work. So he was employed as adjunct professor of modern language. As teacher his duties were rather heavy and took much of his time. As soon as he entered upon his duties he commenced with rare tact and skill to enlist the services of the student body. Early during the first year the young men had re-organized under his wise guidance a young men's Christian association that had 175 active members. In addition to this there were classes for Bible study organized numbering 250 strong, many young fellows.

The Bible classes had a membership each of ten to twelve. The classes elected their own leader and did systematic work in the study of the Scriptures. I learn that not only every dormitory upon the campus has its Bible class, but on every floor of every dormitory there can be found this systematic study of the Bible. With wonderful skill Dr. Powell has directed all this work from his study, by meeting there the leaders and preparing them for their work.

Through the influence of the Y. M. C. A. many strong men have been brought to the college to lecture to the student body. Through these influences that I have mentioned more than seventy young men last year were brought into a saving knowledge of our Lord and Savior, Jesus Christ, and went home at the close of school earnest Christian young men.

Encouraged by the great success reached last year a more perfect organization has been completed and some great results are expected from this year's work.

The ladies of the campus have been organized into an auxiliary society. The society has for its sole purpose the encouragement and assistance of the Y. M. C. A.

At a recent meeting of the Y. M. C. A. I was present and was not only delighted, but received a spiritual uplift from the devotional exercises, and especially the earnest prayers of the cadets.

We have learned that Dr. Powell has recently tendered his resignation to the board of directors and desires to take up regular pastoral duties in the conference. We regret to hear of this, and feel that not only the A. and M. College but the whole state will lose by his resignation. The student body will feel its loss keenly. It will be difficult to find a man who can readily take up the work Dr. Powell has organized and is doing and be as successful as he has been in directing the spiritual forces of the student body.

J. H. ALLEN,  
Allen Academy, Bryan, Tex.

## FOR SALE.

Half acre of land with improvements, one block east of my home.

Two small farms adjoining each other, consisting of 50 and 40 acres respectively; each in cultivation and well improved; situated three miles west of Bryan, on Sandy Point road.

V. B. HUDSON.

## TREMENDOUS BLAZE.

### Superior Is Visited by an Immense Conflagration.

Duluth, Minn., Nov. 9.—Fire destroyed Great Northern elevator "A" at Superior, together with 600,000 bushels of grain, principally wheat. The elevator was owned by the Great Northern railroad, but was leased to the A. D. Thompson Grain company of Duluth. The sparks soon ignited the Grand Republic mill on lower bay slip, the Great Lakes Dredge and Dock company's dock and the Duluth-Superior Storage company. Losses will foot up nearly \$4,000,000.

The fire started at the southwest corner of elevator "A" dock. Four fire tugs, owing to the intense heat, were driven from the slip, and then devoted their energies toward saving adjacent property. The steamers W. A. Parent and M. A. Rogers were in elevator "A" slip loading wheat. The steamers Utica, Alva and Chili were on the opposite side of the slip at a merchandise dock. All were pulled out by tugs to save them from destruction. The Globe elevator, owned by the Peavy company, was on fire for a time, but the firemen succeeded in extinguishing the flames. The blaze also spread to the sawmill property of Peyton, Kimball & Barber, but this likewise was extinguished.

The losses are distributed as follows: Great Northern elevator and power house, \$1,250,000; Freeman flour mill and elevator, \$250,000; Great Lakes Dredge and Dock company, \$75,000; Mankato flour mill and elevator, \$10,000; Webster Chair company, \$30,000; Superior Shipbuilding company, \$25,000; Whitney Bros., marine contractors, \$25,000; Northern Pacific bridge to Duluth, \$5,000.

Twenty dwellings and several small warehouses were also destroyed.

## RARE DISEASE.

Due to Constant Contact With Paper Money and Causes a Death.

New York, Nov. 9.—Myxedema, a rare disease, which was brought on in his case by continual contact with paper money, has caused the death here of Edward H. Hall, formerly cashier of the firm of Arnold, Constable & Co. Twenty years spent in counting currency infected Mr. Hall with the germs that lurk in the ordinary bank note and for ten years prior to his death he had been a sufferer from the strange malady that baffled medical skill.

It was Mr. Hall's custom to moisten his thumbs in counting bills and the skin became hard and cracked open in cold weather. A general thickening of the tissues set in, which was followed by complications involving the kidneys and circulatory system, later developing into Bright's disease.

## REFUSED TO PLAY.

Texas and Louisiana Boys Decline to Associate With a Negro.

Boston, Nov. 9.—Noel P. Scofield, son of a prominent citizen of Dallas, Tex., together with George Farrell, a son of an exclusive Louisiana family, both of whom are students at the Allen Preparatory school, a fashionable private school near Boston, "struck" when Lloyd Marshall, a negro boy, came on their football field to play against them.

"I won't play against a black man," said one of the young men, but the coach, Vickers, a Boston lad, ordered the negro to enter the game and the indignant white players to cease playing if they wished to. They did so.

## STANDS CORRECTED.

General Grant Says Possibly He May Have Been Inaccurate.

Vicksburg, Miss., Nov. 9.—General Fred Grant, being called on by Col. Will Montgomery of Mississippi, admitted possibly he had made inaccuracies as to the number of soldiers in his speech, and cheerfully said he gladly stood corrected if such was the case.

The Army of the Tennessee decided to meet in St. Louis next year, and adjourned after a banquet, with many prominent speakers in attendance. General T. C. Catchings spoke for Vicksburg as a toast. The party enjoyed the courtesy of Judge Reber for a boat ride on the steamer Senator Cordill. General G. M. Dodge was re-elected president and Colonel Cornelius Cadle re-elected secretary.

## Fatally Killed by Horse.

Mount Pleasant, Tex., Nov. 9.—Tom Moore, a well known horse dealer here, was killed by a horse, dying within an hour. Mr. Moore was kicked twice over the heart and in the pit of the stomach. He is survived by a widow.

## BAPTIST CHURCH.

The pastor, Dr. Butler, writes the Eagle from San Antonio requesting the announcement that Mr. F. M. Law will lead the services at the Baptist church this morning at 11 o'clock. Rally service at the B. Y. P. U. will be held from 7 to 8 p. m. Dr. Butler, who is attending the Baptist State Convention at San Antonio, will preach in that city today.

## B. Y. P. U. PROGRAM.

4. Solo.—(Selected)—Mrs. J. Webb Howell.  
5. The Right Use of Money.—T. R. Butte.  
6. Hymn.

## INTERNATIONAL FAIR.

### Annual Entertainment Opened by the Governor.

San Antonio, Nov. 9.—In the presence of a large gathering Governor Campbell declared the 1907 International fair open. During his remarks the executive told of the greatness of the state, and had many good words for those who have made the fair the grand entertainment it is.

The exhibits are on a lavish scale, while the stock display is up to the high standard of former years.

Numerous fleetfooted steeds are in the stables, and the races promise to be among the most interesting ever conducted on any race track in the southwest. The purses aggregate \$35,000.

There are a great number of side-shows on the grounds. Nightly a magnificent representation of the eruption Mount Vesuvius is given, to realistic scene of the Carnival of Naples.

The celebrated General Staff band of Mexico gives daily and nightly concerts, while other bands are present.

## LECTURER ARRESTED.

Act of San Antonio Police Denounced in Vigorous Language.

San Antonio, Nov. 9.—A remarkable and somewhat sensational demonstration was made in front of the city hall against the city police which was participated in by more than 200 of the visiting Baptist ministers. Thursday afternoon Rev. Mr. Carney, one of the best known temperance lecturers in the state, was arrested while preaching on the streets. The charge against him was carrying advertising banners on a vehicle without a license. The police claimed that the fact that the vehicle from which he preached had motes denouncing saloons and the liquor traffic was a violation of the ordinance.

When Mr. Carney's case was called for trial there were present in the corporation court more than 200 of the visiting Baptist ministers. Rev. Mr. Carney was defended by Attorney Silveus of San Antonio and Attorney Lattimore of Fort Worth. Judgment was suspended until Saturday morning. As the crowd filed out of the police station the wagon from which Rev. Mr. Carney preached was standing in front of the city hall. Mr. Carney and a quartet mounted the wagon and began singing. When they finished Judge Lattimore, Mr. Carney, K. B. Fletcher of Dallas and many others denounced the police in unmeasurable terms.

## OLD DIVINES INTRODUCED.

Rev. Eli Witt, Ninety Years of Age, Led in Prayer.

San Antonio, Nov. 9.—An interesting feature of the Baptist convention Friday was the introduction of the old Baptist preachers of Texas to the convention, one of whom was Eli Witt, ninety years old, and who led the meeting in prayer, and the other, Lee Green, aged eighty-nine years, Mr. Green offering the benediction at the close of the session.

On the announcement of the arrest of John Carney for preaching on the streets a committee was appointed to tender him assistance.

## WATERWAYS CONVENTION.

Large Gathering of Coast Delegates Present at the Meeting.

Houston, Nov. 9.—With large delegations from almost every community along the gulf coast of Louisiana and Texas present, the Interstate Inland Waterways convention was called to order. Predinet Holland stated the first order of business would be the election of a temporary chairman. I. M. Standifer of Houston was chosen. C. M. Winterhalter of Louisiana was elected temporary secretary.

Ex-Congressman Ball made some important suggestions. Congressman Burgess made a plea for an inland water route between New Orleans and Brownsville.

Resolutions were adopted urging that delegations be sent to Washington to assist the National Rivers and Harbors congress in its efforts to secure appropriations for improvement of water courses.

## POURS OIL ON FIRE.

Blaze Spreads to Lady's Garments and Death Is Deplorable Result.

Fort Worth, Aug. 9.—Mrs. Menor Pritchard of North Fort Worth poured kerosene oil on a fire. Her garments were ignited. She ran into the yard screaming. Before the flames could be smothered the lady was so badly burned that death ensued three hours afterward. She is survived by a husband and two children. One child is three months of age, and the other two years.

## SERIOUSLY INJURED.

Clothing Torn Off and an Arm and Several Ribs Broken.

Riesel, Tex., Nov. 9.—L. H. Renner manager of the Farmers' gin at this place, while oiling a shafting had his clothing caught by a bolt in the pulley which wound up and tore every fragment of clothing from his body except one sleeve and his shoes and stockings, and then threw him heavily to the floor, breaking one arm and several ribs and inflicting serious internal injuries.

## Tragedy Near Marquez.

Marquez, Tex., Nov. 9.—Near here Joe Mattison was shot to death. Marshall Hall, another negro, has surrendered.

## CASH PAYMENTS STOP.

### Money Cannot Be Secured by Treasurer of Texas.

Austin, Nov. 9.—On account of being unable to procure cash from the state depositories the state treasury was forced to suspend payment of warrants Saturday, as all the available cash in the department is exhausted. The treasury department has \$1,504,637 in the thirty-one state depositories, of which \$600,000 belongs to the general revenue fund. None of this cash can be realized at present, as the state depositories have refused to send the cash, according to the request of the state treasurer. Several of the depositories requested to send cash have advised that they can send exchange, but no actual cash, but exchange at this time cannot be cashed here. The state is amply protected as far as security goes, as it has \$1,500,000 in approved securities such as government, county and city bonds behind these deposits. In addition to this, the state also holds personal bonds, amounting to \$778,000, besides, the banks themselves are behind these deposits.

The state could at once put these bonds on the market, but State Treasurer Sparks said that he did not deem this advisable, as it would only rake financial stringency worse. The law does not require depositories to remit in cash, when they are drawn on by the state, but can send exchange, which is not available at this time.

For the past several days the treasury department has been paying out from \$50,000 to \$100,000 per day, and this has exhausted the cash. Approximately \$250,000 of state funds now tied up in exchange in local banks, but cannot be cashed until the situation is relieved. Treasurer Sparks said he could not tell just how long this suspension would last.

## AT NEW ORLEANS.

### That City Is to Hold Next Inland Waterways Meeting.

Houston, Nov. 9.—New Orleans was selected as the place for holding the 1908 meeting of the Inland Waterways convention.

Election of officers resulted as follows: President, C. S. E. Holland, Victoria, Tex.; first vice president, H. L. Gueydon, Gueydon, La.; second vice president, W. G. Sterrett, Dallas; secretary for Texas, C. R. Kitchell, Galveston; secretary for Louisiana, Leon Locke, Lake Charles.

Executive Committee for Texas—C. S. E. Holland, Victoria; W. G. Sterrett, Dallas; Royal Givens, Corpus Christi; C. A. Summers, Cuero; James A. Baker, Waco; Hugh Jackson, Beaumont; G. J. Palmer, Houston; Walter Gresham, Galveston; A. L. Ford, Orange; P. C. Pfeiffer, Port Arthur.

Executive Committee for Louisiana—Henry L. Gueydon, Gueydon; S. L. Lock Breaux, New Orleans; E. A. Parr, Morgan City; Walter Burk, New Iberia; P. Munson, Napoleonville; C. C. Dison, Crowley; Leon Locke, Lake Charles; H. C. Drew, Lake Charles; Walter Y. Kemper, Franklin.

## SAWMILL MEN ORGANIZE.

Want Better Freight Rates and Car Shortage Stopped.

Houston, Nov. 9.—Representatives of thirty prominent manufacturing sawmill men formed an organization here. The alleged objects to fight for better freight rates and against car shortages and hostile legislation. A committee was appointed to secure a charter. Next meeting will be held Nov. 30.

General reductions in wages of sawmill labor, from 10 to 20 per cent and also reduction of running hours to about four days per week will be made throughout Texas. Firms claim to act individually and without agreement. Sawmill labor will be hard hit. Car shortage and tight money are alleged as reasons.

Attorney Max Taub and L. R. McFarlane, assistant United States marshal, were appointed receivers of the Vineyard, Waller & Co. private bankers at Eagle Lake, under \$10,000 bond each.

## PLANT BADLY DAMAGED.

Marshall Car Wheel Company Sustains Considerable Loss.

Marshall, Tex., Nov. 9.—Plant of the Marshall Car Wheel and Foundry company was damaged about \$40,000 worth by fire. Insurance is \$18,000. The flames originated from a spark in what is known as the "soft floor" end of the buildings, which covers in all a full block and employs 200 men in various capacities in its operation. The main wheel floor, with a capacity for casting 120 wheels daily, was burned out, as was also the casting department. Furnaces, boiler, machinery, machine shops and part of the pattern shops were saved by hard work.

This plant is one of the largest in the southwest, and does a great quantity of railroad work. It is said that the plant will be rebuilt, but it cannot be determined whether it will shut down until necessary repairs are made.

## Looney For Attorney General.

San Antonio, Nov. 9.—State Senator F. B. Looney of Greenville is in the city on business. He confirms the report that he will be a candidate for attorney general in the Democratic primaries.

## Rain and Thunder.

San Antonio, Nov. 9.—Just after the fair opening parade there was a heavy rain and thunder storm.

## Stuck Nail In Foot and Dies.

Houston, Nov. 9.—A man named Vandermark stuck a nail in a foot. Lockjaw set in, followed by death.
